- Очень важно, чтобы к моменту поступления в школу ребёнок мог уверенно держать карандаш, ориентироваться на листе бумаги. Поэтому любые упражнения, направленные на развитие мелкой моторики, очень полезны для дошкольника.
- В этой книге собраны простые, но эффективные задания, с помощью которых ребёнок не только выработает навыки, необходимые для формирования красивого и аккуратного почерка, но и научится писать буквы и цифры.
- Выполняя всего по одному заданию в день, даже за период летних каникул можно достичь значительных успехов.
- Книгу можно взять с собой в отпуск — она не займёт много места, но зато организовать занятия можно будет где угодно: в самолёте, на пляже, в гостиничном номере.
